Overview

Peter Boardman and Joe Tasker each two accomplished books which, deservedly, soon acquired classic status and became required reading for all those venturing to high altitude. It is fitting that the memorial to these two exceptional climbers and writers should take the form of the annual Boardman Tasker Award for Mountain Literature. As for their own four books, these are now reprinted for the first time in one volume.

1. Savage arena
2. The shining mountain
3. Sacred summits
4. Everest: The cruel way
